Semi-private lessons in complete immersion at your teacher's home In Burgundy – an hour away from Paris

Home stays available all year round and suitable for students of any age and level.

Learning French with Maryse will ensure that you make tremendous progress within a short period of time. Speaking French and only French will help you to acquire an authentic accent, develop your self-confidence and enjoy a real fluency in the language.

The course is designed to meet your own needs, at your own pace in a very small group (1 to 3 students).

The mornings are dedicated to the 4 hour-class (22 hours per week) and your local guide, Maryse, will take you on excursions twice a week in the afternoon.

The Burgundy region offers a wide range of tourist sites such as the *Abbaye de Fontenay*, Châteaux, Dijon, typical old villages...) and you will love strolling around and feeling the French mood and way of life in the countryside.

Semur, a XIIIth century town, is nestled in a green valley and is an hour by TGV from Paris and 75 minutes from Charles de Gaulle Airport.

A weekend will be offered to you in Paris (Bed and Breakfast) near the Louvre Museum within your three-week-stay.

You will meet my friends and family providing thus the opportunity to put into practice what you have learnt in informal and real-life situations.

The house you will live in is an ancient nunnery with a big garden where we can sit and relax and even study if you wish and if the weather allows it. You have your own room, access to the internet, two meals a day in the 3 week-session and full-board will be provided in the 1 week-session.

About your teacher, Maryse:

I have worked for the last 20 years with foreign students as a FLE teacher (French as Foreign Language) and taught in various places in France and abroad: HEC, business school in Helsinki, Finland, in Tokyo, Japan, etc.

I started the home stay programmes in 1994 and still enjoy greatly meeting people from all walks of life.

The Courses:

The 3 week session will help you make spectacular progress and experience first-hand French lifestyle and culture. *A unique learning experience indeed!* The one week session is aimed at improving a grammatical point or to prepare for a test or an entrance examination.

A group of Japanese students

If you are living in France, enjoy a two day visit in *Semur* to visit historical places in the region whether you speak French or not. Your local guides speak French, English, German and Japanese. Nevertheless it is the perfect and best way to practice your French!
